NILFISK MARKETING CANADA

Clarke

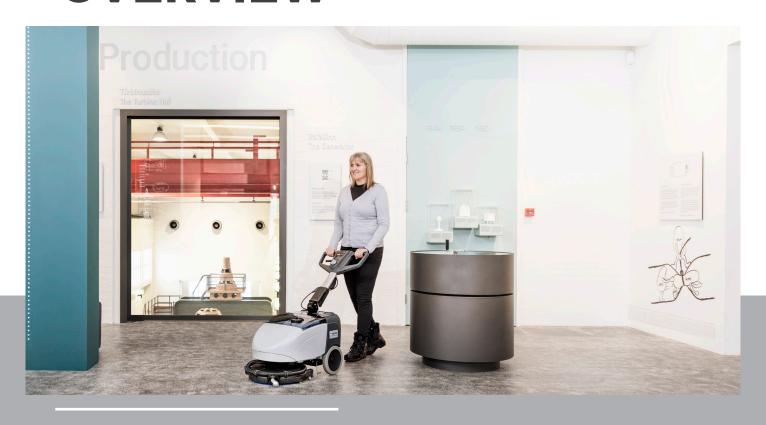

Nilfisk was founded on a vision of producing and selling products of the highest quality worldwide. For more than a hundred years, Nilfisk has responded to the changing needs of markets and customers with innovative products and solutions. Over the years, we have acquired companies to strengthen our footprints, and today we stand strong, together. We have united on the promise of being innovative and committed to deliver the best products available. Today, our founder's vision has come true.

The Nilfisk Group is headquartered in Denmark, and we have sales companies in 45 countries. With an additional strong distributor network Nilfisk markets and sells its products through distributors in more than 100 countries. Our production facilities are located in Asia, Europe and Americas.

Our products are primarily focused on the commercial cleaning market, which includes institutional and industrial customers, as well as professional contract cleaners. Main product lines are floorcare equipment such as professional scrubber-dryers and sweepers, vacuum cleaners, high pressure washers, and outdoor utility machines.

The products are sold under a wide range of brands, including our global brands Nilfisk and Viper, and a wide range of regional and local brands such as Advance, Clarke and Viper.

MACHINE **OVERVIEW**

Designed to be rugged and versatile, Clarke's new BSW 28 Sweeper has the performance for both hard floors and carpets. Featuring a 28 inch sweeping path, gel batteries, self propelled traction, and an active side broom that sweeps even the smallest debris and dust from the walls edge. The BSW 28 is very quiet and allows sweeping in noise sensitive areas. The BSW 28 has been Green Certified by Clarke.

CLARKE FEATURE MACHINES

This catalog highlights some of Clarke's key machines and latest technology. Some additional equipment in the sweeper, vaccum and floor machine lines are below.

EX40TM 16ST & 18LX SELF CONTAINED EXTRACTOR

Building on Clarke's 100 years of building durable, robust and effective cleaning equipment, the Clarke EX40™ 16ST and 18LX self-contained extractors provide you with a proven ability to clean carpets efficiently and rapidly.

CARPETMASTER

SERIES

he CarpetMaster 200 Series Dual Motor Uprights are available in three sizes, 12, 15, and 18 inches. Designed with the operator in mind, we focused on ergonomics, durability, and reliability.

CFP PRO® 17 & 20

FLOOR MACHINE

The CFP Pro® 17 and 20 floor machines are rugged high powered machines built for years of use in a wide range of floor machine applications.

COMFORT PAK

BACKPACK VACUUM

The newest member of
Clarke's soft floor line is the
Comfort Pak back pack
vacuum. It features an
ergonomic frame that was
designed by backpackers
for support and stability,
lightweight, easy to maneuver,
with an easy
mess-free bag change.

SMALL SCRUBBERS

CA30TM 17E

WALK BEHIND SCRUBBER

With the Clarke CA30 ™ 17E, you can experience the agility of a 17 inch wide cleaning path and the added convenience of a 65 foot safety yellow power cord to improve your cleaning productivity. Engineered for heavy daily use in a variety of commercial applications, the CA30 17E features a heavy-duty cast aluminum assembly housing a rounded squeegee that delivers quick, complete solution pick-up day in and day out.

MA30™ 13B BATTERY MICRO SCRUBBER

The battery powered Clarke MA30™ 13B micro scrubber delivers the cleaning performance you require in the compact size you need. Dirt and even small debris are easily removed from the floor with its single pass sweeping, scrubbing and drying capabilities, efficiently leaving your floors clean and dry.

Page 0011 2017 Feature Products

Since the invention of the world's first automatic scrubber in 1953, Clarke® has continued to lead the industry in the design, development and production of the finest automatic scrubbers available. Today, Clarke® redefines the Automatic Scrubber with a focus on product development, increasing productivity, and being environmentally responsible.

VANTAGE 14

BATTERY MICRO SCRUBBER

Never skip those hard-to-reach areas again. The Vantage 14's integrated rotating deck enables complete scrubbing in both forward and backward directions, allowing operators to easily clean under and around obstacles. Simply push the machine forward; then when needed, easily flip the machine up to allow the deck to quickly rotate for reverse scrubbing operation. With fast and easy scrubbing and water pick-up in all directions, the Vantage 14 leaves a clean, dry surface to boost your facility's appearance.

MA10TM 12E UPRIGHT SCRUBBER

For generations the mop and bucket was the only option for cleaning small spaces, but simply spreading dirt around is neither effective nor sanitary. This is why Clarke developed the MA10™ 12E Upright Scrubber. Not only does its compact, lightweight design allow you to clean very tight areas, but its superior productivity gets the job done fast, giving you more time for other tasks.
